MassHealth
Day Habilitation Program Bulletin 10
August 2020

TO: Day Habilitation Providers Participating in MassHealth

FROM: Amanda Cassel Kraft, Acting Medicaid Director 

RE: **Enhanced Rates for Day Habilitation Services During the Reopening Period (August 1, 2020, through November 30, 2020) and Billing Instructions for Standard Rates**

Background

In light of the state of emergency declared in the Commonwealth due to COVID-19, the Executive Office of Health and Human Services (EOHHS), which administers the Massachusetts Medicaid program known as “MassHealth,” has established enhanced rates for day habilitation (DH) services under 101 CMR 445.00: *COVID-19 Payment Rates for Certain Day Programs*. These additional rates have been established to address reduced member utilization of day program services that is occurring as day programs ramp up and reopen following their required closure during the spring of 2020.

This bulletin sets forth the enhanced rates and billing instructions for standard rates in effect for MassHealth-covered DH services during the reopening period (August 1, 2020, through November 30, 2020).

Enhanced DH Rates and Billing Instructions for Standard Rates During Reopening Period

1. Enhanced Rates During the Period August 1, 2020, through September 30, 2020

For dates of service on or after August 1, 2020, through September 30, 2020, DH providers may bill at the following enhanced rates established under 101 CMR 445.03(2)(b) for DH services provided to MassHealth members, subject to the following limitation. During this period, DH providers may bill at the enhanced rate only to the extent the provider’s total daily MassHealth member in-person program attendance does not exceed 40% of the provider’s pre-pandemic level. A DH provider’s 40% pre-pandemic level is based on the provider’s average number of MassHealth members served from January 2019 through February 2020. MassHealth will calculate this and share it with each provider.
