Did you Know?

October is National Disability Employment Awareness Month

Each October, **National Disability Employment Awareness Month (NDEAM)** recognizes the skills, talents, and contributions of people with disabilities in workplaces across the country. The 2026 theme, **"Celebrating Value and Talent,"** highlights the important role people with disabilities play in **strengthening our workplaces and communities.**

NDEAM is also an opportunity to recognize the providers, employers, direct support professionals, and community partners working to **expand access to meaningful employment and create pathways for people with disabilities** to contribute their talents, pursue their goals, and participate fully in their communities.
