

**ADDP Day Services Waitlist Survey
November 29, 2021**

Key Highlights

1. Respondents and Total Qualified Bidders
 - a. 71 respondents completed the survey [62 operate a Community-Based Day Services (CBDS) program, 42 operate a Group Supported Employment (GSE) program, and 52 operate a Day Habilitation program].
 - b. The total number of *qualified bidders* for each service is 126 for CBDS, 89 for GSE, and approximately 71 for Day Habilitation (latter is a pre-pandemic number and does not account for 12 permanent site closures during to the pandemic).
 - c. Based on qualified bidders, ADDP day services waitlist survey respondents account for approximately 49% CBDS, 47% GSE, and 73% Day Habilitation of the total providers.
2. Of the 71 survey respondents *who operate* a day program, 90% have a Day Habilitation waitlist, 77% have a CBDS waitlist, and 54% have a Group Supported Employment (GSE) waitlist (average across both formerly served and new referral groups).
3. Across all three (3) programs, more formerly served/enrolled individuals (pre-COVID) are on a waitlist as compared to new referrals:
 - a. CBDS: As high as 2,147 former individuals and 700 new referrals.
 - b. GSE: As high as 960 former individuals and 300 new referrals.
 - c. Day Habilitation: As high as 2,571 former individuals and 830 new referrals.
4. Range of Total Individuals Waiting for Service(s):
 - a. CBDS – Total waiting for this service ranges as high as 2,847 individuals and as low as 1,771 individuals (*includes both formerly served and new referrals*).
 - b. Group Supported Employment – Total waiting for this service ranges as high as 1,260 individuals and as low as 609 individuals (*includes both formerly served and new referrals*).
 - c. Day Habilitation – Total waiting for this service ranges as high as 3,401 individuals and as low as 2,418 individuals (*includes both formerly served and new referrals*).
5. There is a duplicated count for “split people” (individuals who participate in two programs during the week) if they are waiting for either service.
6. Individuals receiving no service and those underserved (receiving less than desired service currently as compared to pre-pandemic) are included on the waitlist.
