HUMAN SERVICES**  
*IMPROVE CARE • RETAIN QUALITY STAFF  
ENHANCE ECONOMIC IMPACT*

May 28, 2020

Dear Collaborative CEOs,

The Commonwealth is now publishing data on aggregate COVID testing results for residents/patients and staff at EOHHS state- and provider-operated facilities and congregate care sites, including mortality data. The report also includes mobile testing data.

The data show that there is significant variability across facilities and purchasing agencies. As providers will anticipate, there are many reasons for this variability, including the rate of testing across settings.

The data are available here:

<https://www.mass.gov/info-details/eohhs-covid-19-reporting>

Data will be updated weekly on Wednesdays.

Please feel free to contact us with any questions.

Thank you.
